Annex G – Third party maintenance declaration

Candidate hereby declares that, should it be awarded the Appointment to produce, deliver, install and optionally also maintain the Passenger Transportation Installations for the new pier and optionally also for a number of smaller projects (for instance the construction of the car parks, the AB-corridor and the BC-corridor) that Schiphol Capital Programme encompasses, it will comply with the following conditions:

1. SNBV is allowed to appoint the execution of all preventive and corrective maintenance of the Passenger Transportation Installations to its main contractor;
2. If necessary, Candidate will train and/or support the employees of SNBV and/or its main contractor in relation to the execution of the preventive and corrective maintenance of the Passenger Transportation Installations;
3. After deliberation, it may be decided that Candidate performs maintenance under supervision of the main contractor;
4. Candidate will make freely available all technical information about the Passenger Transportation Installations – including for instance drawings, maintenance manuals, instruction manuals and other types of manuals (not exhaustive);
5. Candidate will use components in its Passenger Transportation Installations that can also be maintained by third parties;
6. All components/materials used in the Passenger Transportation Installations are freely available on the market and/or provided by Candidate against market conform prices and short delivery terms during the technical life span of the installations;
7. The guarantee on the installations and components will be valid unconditionally, even when maintenance is done by third parties based on Candidate's instructions, unless Candidate can prove that it cannot fulfill its guarantee duties due to actions that can be attributed to third parties employed by SNBV;
8. Candidate will, if and when required, perform third line maintenance against market conform prices.
