

MEMORANDUM OF INFORMATION

Selection Stage

Date: July 07, 2017

File Nr.: Z14/H/4503368 – E-UWT (Emergency Underwater Telephone)

TenderNed-reference 145809
EU publication Nr. TED 238308-2017

Nr.	Document reference	Question	Answer
1.	Section 3.2	Installation: Will DMI install the systems themselves based on the Installation and documentation package?	Yes.
2.	Section 3.2	Is there any requirement concerning the specific installation of the transducer? E.g. flush with the hull or underneath a streamlined fairing?	This question is not relevant for the current Selection Stage. If still relevant after reading the Award Stage documents, please raise this question again during the Award Stage.
3.	Section 3.2	What kind of power supply is available onboard?	This question is not relevant for the current Selection Stage. If still relevant after reading the Award Stage documents, please raise this question again during the Award Stage.
4.		In the selection guide it is stated that "your Candidature must be delivered both in hardcopy as in softcopy". Does it mean we have to send the envelope with paperwork plus a USB stick containing the same documents in pdf format, is that correct?	Yes. Either a write-protected USB-stick or a CD-ROM
5.		Should we decide to send in our Candidature with a Carrier, e.g. UPS, would he be allowed to enter the Naval establishment? Or carrier delivery is not allowed?	Yes, carrier delivery is allowed. Please take notice of the instruction for hand-carried delivery in Section 2.11 of the Selection Guide.
6.		Talking about delivery by mail, do you mean common mail service?	Yes, common mail service is allowed.
7.		Do I need to give you 48 hours notice of my chosen courier's arrival	You have to give notice of your courier's arrival. This must be done at least 24 hrs. before arrival.
