Memorandum of Clarification

Underground Waste Transport System Sluisbuurt

1 Clarification Contracting authority

A European Single Procurement Document (Annex 2 ESPD) has been included in the appendix to the English documents for the selection phase of the tender for underground waste transport system Sluisbuurt (AI 2017-0278).

In part III under B (page 7 of 13) the following question is included:

"Has the economic operator breached its obligations in relation to the payment of taxes and / or the payment of social security contributions, both in the country in which it is established and in the Member State of the contracting authority or contracting entity. ? "

This should be and you have to read this as:

"Has the economic operator met all its obligations related to the payment of taxes and / or the payment of social security contributions, both in the country in which it is established and in Member State of the contracting authority or contracting entity establishment? "

The prefilled answer to this question ("Yes") is correct and should only be adjusted if applicant has not fulfilled its obligations.
