

Aanbesteding SURFnet8 Service Layer Tender
Aanbestedende Dienst: SURFnet B.V.
Referentie:

Omschrijving:

SURFnet is searching for a Partner that can provide a solution for the SURFnet8 service layer. The aim of the Tender Procedure is to award a Contract to a Partner that can provide the requested equipment, services, innovation and support.

SURFnet is aiming for an advanced network with fully automated deployment of services in a programmatically controlled environment.

The network should be user centric, and incorporate and implement leading edge and emerging technologies building a flexible network.

The scope of the Contract for delivering the SURFnet8 service layer consists of;

1. Network equipment delivering network services:

- L2 services (P2P, MP2MP);
- L3 services (IP transit, VPN);

2. Software for provisioning and management of the network elements;

3. Software for provisioning and management of the network services.

In addition to the equipment and software, the scope of the Contract consists of services delivered by the Partner for:

4. Maintenance and support of the network equipment and management software;

5. Design and implementation support of the service layer;

6. Migration process development.

Vraag

One of the two files which are posted on TenderNed is not readable:
"uea_121405_20161130204540.xml".
We believe this file represents "Annex D. European Single Procurement Document".
Could SURFnet please provide a version of this file which we can read and fill in ?

Antwoord
