1 Explanation

This is the first summary of additional information and changes to the selection phase of the call for tender: 'Implementation of Vision and Roadmap for Urban Lighting System, Eindhoven 2030' by the municipality of Eindhoven.

This summary of additional information and changes addresses two out of 94 questions submitted by candidates up to 20 April 2014 00:00 hours. The questions have been randomised in order of paragraph, and are provided with the answer. The remaining 92 questions will be answered in a second summary of additional information and changes, to be published by 15 May at the latest.

Changes by the municipality of Eindhoven have also been included.

2 Changes by the municipality

To meet requests as listed in par. 3, please find below an amended time schedule for the selection phase.

Phase of the tendering procedure:	Date:	Time:
Submission of Application no later than (deadline):	10-06-2014	11:00 hours
Assessment of Applications ready	20-06-2014	n.a.
Communication regarding selection decision	26-06-2014	n.a.
Standstill period (10 days) and verification period through to	07-07-2014	n.a.
Final selection announced	10-07-2014	n.a.

The amended time schedule will affect the start of the negotiation stage. This is now due to start in October.

3 Questions and answers

No.	Document	Paragraph/ Article / annex	Pag.	Question	Answer
1	Selection guidelines	2.2	15	Are you prepared to shift the date of submission for tender by a month, to June?	See paragraph 2 Changes by municipality
2	Selection guidelines	2.2	15	The planning includes overview of specific 'mirletons'. It is noted that answers to questions are due on 24 April. These answers may encourage candidates to take corrective measures and actions for their application. Date of application is now 12 May. This is a very short period for possible actions and further detailing of optimum adjustment by candidate of said documents. Candidate therefore asks municipality to shift date by two weeks to 2 June 2014.	See paragraph 2 Changes by municipality
