SECTION II: OBJECT

II.1) SCOPE OF THE PROCUREMENT

II.1.1) Title

Qualification System Offshore Grid NL - Platform + T&I Hollandse Kust

Reference number: 96482

II.1.2) CPV code(s)

Main code:

34514800 - Offshoreplatforms

Supplementary code:

-

II.1.3) Type of contract

Works

II.1.4) Short description

TenneT intends to build several platforms, which will connect wind farms to the onshore grid by HVAC sea-cables. The platforms within one area will be connected by means of a 66kV cable.

Instead of:

TenneT intends to build several platforms, which will connect wind farms to the onshore grid by HVAC sea-cables. The platforms within one area will be connected by means of a 66kV cable. The platforms are to carry high-voltage switching and transformation equipment 220kV as well as auxiliary facilities. Intake power from the wind farms will be 66 kV, export power from the platform will be 220 kV. The scope of the intended contracts includes design, engineering, production, delivery, transport and installation of topside and jacket. Topside size L45m x W21m x H30m and weight approx. 3.000 metric tonnes. The weight of the jacket is approx. 1.650 metric tonnes.

The Dutch Government represented by the Ministry of Economic Affairs is the driver of the "Net op Zee" program with regard to the development of renewable energy offshore. Due to the fact that the Ministry of Economic Affairs has postponed the TNW project, the deadline for application for qualification for the Ten Noorden van de Wadden (TNW) Tender, has been postponed until further notice.
