

Annex 09 Quotation Form associated with tender for CT sensors case no. 31155805

This part to be completed by the Tenderer

English version for informal use. Dutch version is leading.

Tenderer must only complete the blue fields
Amounts in € excl. VAT

Supply of complete systems System price per unit. Enter the amount for which the complete solution is offered excluding cable. A possibly required interface module must be included in the price. Prices for supply must always include the entire scope of supply and must encompass services required for deliveries including the added value in the best quality-cost ratio offered.	unit price Initial supply of 200 units in the first 3 years	
	unit price Subsequent supply (after the initial 200)	
Calibration Enter the price of the calibration. This amount includes the entire service as described and must include transportation costs to and from the pickup point in the Netherlands for the user and any shipment to the manufacturer.	Unit price	
Preventive maintenance Enter the price for a single service for preventive maintenance of the system. This amount must include all transportation costs to and from the pickup point in the Netherlands for the user and any shipment to the manufacturer. If replacement of consumables is a regular part of preventive maintenance, this must also be included in the price.	Unit price	
Corrective maintenance Hourly rate for carrying out corrective maintenance. The rate does not include required materials. Materials required for corrective maintenance are stated in the Price List.	Hourly rate	
Support Hourly rate for training and advice. This excludes support by telephone and email. The hourly rate must also cover travel expenses. Travel hours may be included as working hours.	Hourly rate	
Annual rate for fixed services Enter the annual rate for providing all fixed services. All fixed services will be provided for this price on an ongoing basis regarding Technical continuity, Remote support and Storage. The annual rate must be substantiated based on subordinate cost items.	Annual rate
