

Bijlage 6 Wetgeving en normen

Building regulations

All standards and norms as included in the Dutch Building Decree ('Bouwbesluit 2012'). For a full summary see the appendices I and II of 'Regeling Bouwbesluit 2012'.

These standards refer to structural safety, fire safety, health, usability and energy of buildings and any part of these.

Please note that the Construction Products Regulation 305/2011/EU does apply.

Health & Safety

By law all Dutch regulations regarding Occupational Health & Safety ('Arbeidsomstandighedenwet') are applicable. These are based up the Council Directive (...) safety and health of workers at work (directive 89/391/EEC).

Standards regarding management systems

NEN-EN-ISO 9001:2015	Quality Management Systems - Requirements
NEN-ISO 55000:2014	Asset Management – Overview, principles and terminology
NEN-ISO 55001:2014	Asset Management – Management Systems – requirements
NEN-ISO 55002:2014	Asset Management – Management Systems – Guidelines for the application of ISO 55001.

Standards regarding condition assessment

NEN 2767-1:2017	Condition assessment built environment – Part 1: Methodology
NEN 2767-2:2008	Condition assessment built environment – Part 2: List of faults

These standards might be expanded regarding specific components of the Underground Waste Collection system

EN 840-1	Mobile waste containers – Part 1: Containers with 2 wheels with a capacity from 80 l to 390 l for comb lifting devices – Dimensions and design
EN 840-2	Mobile waste containers – Part 2: Containers with 4 wheels with a capacity up to 300 l with flat lid(s) for trunnion and/or comb lifting devices – Dimensions and design
EN 840-3	Mobile waste containers – Part 3: Containers with 4 wheels with a capacity up to 300 l with dome lid(s) for trunnion and/or comb lifting devices – Dimensions and design

EN 840-4	Mobile waste containers – Part 4: Containers with 4 wheels with a capacity up to 1700 l with flat lid(s) for wide trunnion and/or wide comb lifting devices – Dimensions and design
EN 840-5	Mobile waste containers – Part 5: Performance requirements and test methods
EN 840-6	Mobile waste containers – Part 6: Safety and health requirements
