

Technical drawing of a circular flange with three bolts. A curved arrow indicates a 120-degree angle between the bolts.

The technical drawing illustrates a handrail assembly with the following specifications:

- Side View Dimensions:**
 - Total horizontal length: 1545
 - Horizontal distance from wall to end bracket: 295
 - Radius of the lower curve: R450
 - Radius of the upper curve: R260
 - Inclination angle of the upper section: 15°
 - End bracket width: 5°
 - Handrail diameter at end bracket: Ø60,3
 - Vertical height from floor to centerline: 1000
- Top View Dimensions:**
 - Wall-to-center offset: 550
 - Bracket-to-center offset: 250
 - Bracket width: Ø88,9
 - Main pipe diameter: Ø110
