II.2.4) Description of the procurement:

(nature and quantity of works, supplies or services or indication of needs and requirements)

The energy transition leads to more and more complex and dynamic power flows in the grids and more dynamic market behaviour. In order to provide our customers with an uninterrupted flow of energy Stedin needs more insight and control over its gas and electricity network. Therefore, Stedin is preparing a European tender for Mobile GIS field service .

The purpose of this RFI is to seek input from the market in order to determine:

- * Whether the market can deliver and comply with the scope and requirements;
- * To get answers to some specific questions.

II.2.14) Additional information:

-
