Eerste verdieping

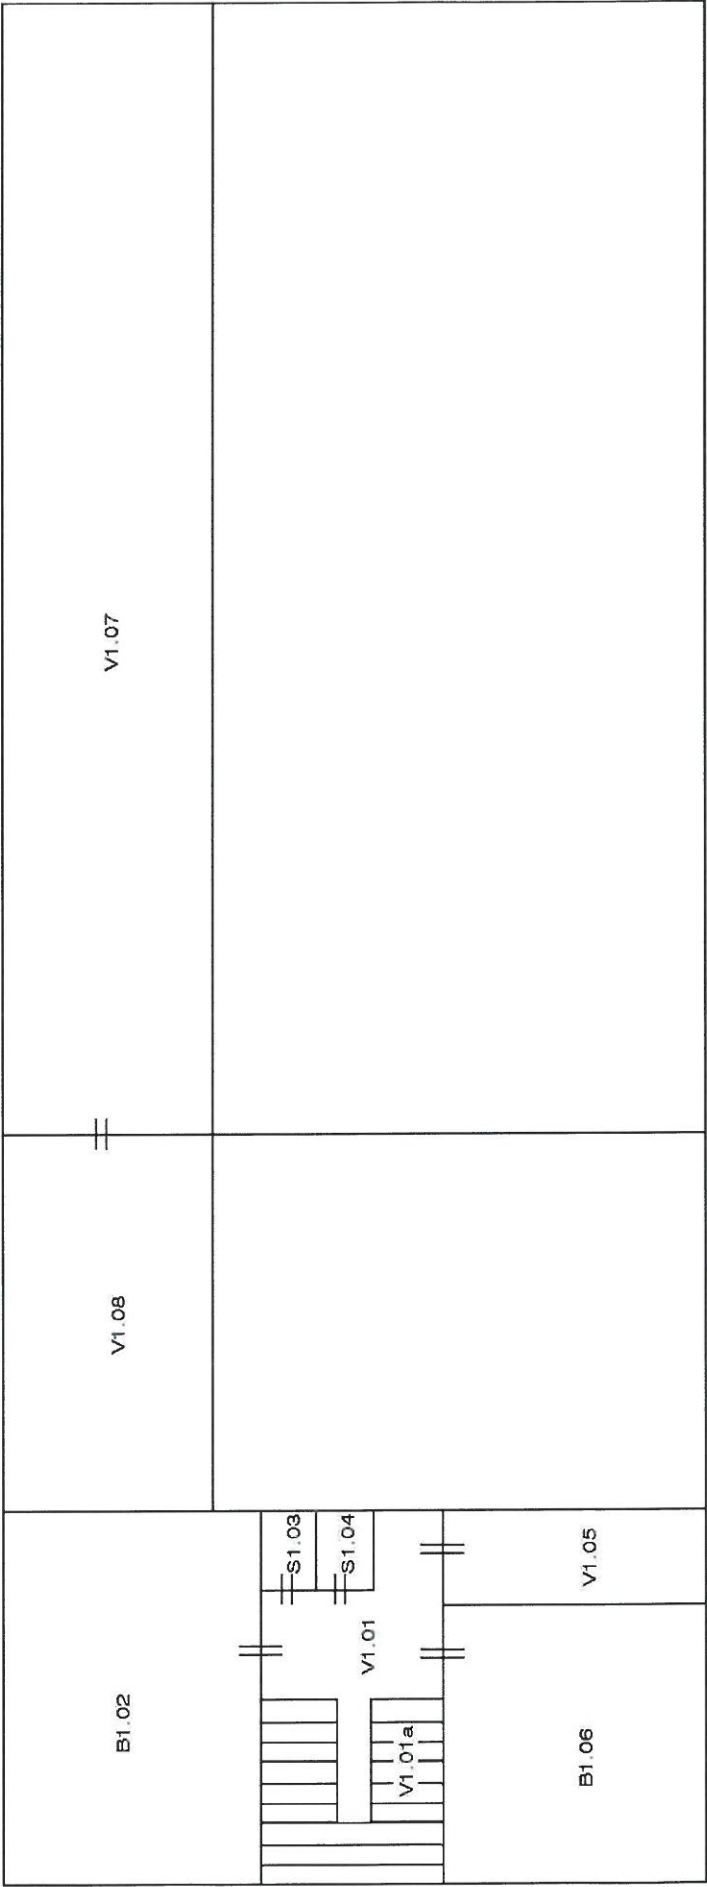

versie 1

The diagram shows a control system with the following components and connections:

- VO.01**: A coil (represented by a rectangle with diagonal lines) connected to a power source (represented by a circle with a cross) and a stop button (represented by a circle with an 'X').
- VO.01a**: A set of five parallel lines connected to the power source.
- VO.02a**: A stop button connected to the power source.
- S0.03** and **S0.04**: Two normally open contacts connected in series to the power source.
- S0.05**: A stop button connected to the power source.
- S0.06**: A stop button connected to the power source.
- S0.07**: A stop button connected to the power source.
- B0.02**: A stop button connected to the power source.
- VO.09**: A coil connected to the power source.
- VO.10**: A stop button connected to the power source.
- VO.11**: A stop button connected to the power source.
