72410000 - Providerdiensten

Supplementary code:

-

II.1.3) Type of contract

Services

II.1.4) Short description

GÉANT is retendering its frameworks for the provision of upstream or IP Transit services to support its National Research and Education Networks (NRENs) in Europe, the Mediterranean and wider regions, to allow them to exchange international IP traffic with the customers of commercial Internet Service Providers (ISPs) worldwide.

Framework value stated below is the theoretical maximum possible value of the usage based frameworks' turnover over 4 years and is no indication of actual commitment as the future spend is unknown at this time.
