The establishment of a framework agreement

II.1.4 Information on framework agreement

Framework agreement with several operators

maximum number: 2

Duration of the framework agreement: Duration in year(s): 10

Frequency of the contracts to be awarded: 1

II.1.5 Short description of the contract or purchase(s)

The scope for this European tender is the retrofit of UCP's for gasturbine driven gas compression units. The UCP's are situated in the Netherlands on gas compression plants owned by Gasunie. The retrofit covers replacement of the complete UCP and optionally the field instrumentation. The retrofit includes engineering, assembling, FAT, delivery onsite, installation, commissioning, start-up and SAT. Documentation and drawings are part of the scope.

On request of Gasunie the supplier should be able to give full service and support during the lifecycle of the UCP (e.g. preventive and corrective maintenance, lifecycle report, spare parts, newest updates and patches). Depending on the suppliers competences Gasunie will award one or two contracts. This is further explained in the selection guideline.

Optionally, the scope can be enlarged to UCP's for reciprocating and electrical driven gas compression units. Also supply of a UCP for a complete new gas compression unit maybe a possibility for the future during the contractphase

of the frame agreement.

It is expected that 2 UCP retrofit projects at Ommen will be awarded under the frame agreement during this procedure:
3 UCP's Rolls Royce RB211 and 3 UCP's General Electric Frame 5.

II.1.6 Common procurement vocabulary (CPV)

Main object

Main vocabulary: 31211110-2 (Controlepanelen)

Additional object(s)

Main vocabulary: 31124200-3 (Besturingapparatuur voor turbinegenerator)

no

VI.3 ADDITIONAL INFORMATION

Gasunie applies an e-tool for managing its supply base.

The requested information is to be uploaded by the applicant. For the INITIAL registration the platform is accessible via <http://gasunie.supplier.ariba.com/ad/register/SSOActions?type=full>. The interface is user-friendly and self-explanatory. In case you have any questions when registering, there is a manual available at <http://www.gasunie.nl/leveranciers> (english: <http://www.gasunie.nl/en/suppliers>). In case you still experience an issue after reading the manual, you are urged to immediately address the issue to the Gasunie contact as announced in this publication.

The applicant needs to be aware that the provided information will be captured in the Supplier Information System (SIM) and in this phase of the tender will be used as input/selection criteria. The applicant is responsible for self-registration on the Ariba platform. The applicant is always responsible for correct registration and application in the system.

Immediately after your registration you need to inform the Gasunie contact person as stated under I.1 on your registration and interest to participate in the tender stating your organisation's name as well as the tender's title. Based on this information you will be invited to the tender.

In case you registered before at the mentioned website, please verify your registered information by entering the Ariba system via <http://gasunie.supplier.ariba.com/>. Next, please express your interest to join the event by email to the Gasunie contact person as indicated in this announcement to participate in the tender stating your organisation's name as well as the tender's title.

Within 48 hours after the registration/verification AND email, you will receive an invitation (including a link) to join the sourcing event. If not, please contact the Gasunie contact-person as mentioned in the announcement. In case you experience issues contacting the contact-person, please inform Gasunie via procurementsupport@gasunie.nl

In case the person you mentioned in SIM differs from the one for this tender, please mention this person as well in SIM as well.
