

A detailed 3D isometric architectural rendering of a multi-story building complex. The structure is composed of several interconnected rectangular volumes. The ground floor features large, open-plan spaces, some of which are labeled with numbers like '101', '102', and '103'. Upper floors are divided into smaller, more defined rooms and corridors. The building's exterior is characterized by a grid-like pattern of windows and doors, suggesting a modular or industrial design. The color palette is primarily neutral, with greys and whites, accented by some blue and green elements in the interior partitions. The perspective is from an elevated angle, looking down and across the complex, highlighting its overall footprint and internal layout.
