II.1.4) Short description

European tendering process for the delivery of Seawater intake and CCW pump packages for N.V. Nederlandse Gasunie.

Gasunie intends to conclude a framework contract with one supplier for the delivery of:

1. Vertical suspended centrifugal pump packages in the range of differential head of 30-70 m and flow of 1000 – 3000 m³/hr;
2. Horizontal, axially split, centrifugal pump packages in the range of differential head of 20-50 m and 400 – 3000 m³/hr flow.

Gasunie is the contracting authority in this tender process. Gasunie is entitled to transfer a delivery of goods from this tender process to entities with which it has a connection in projects co-initiated by Gasunie such as Porthos. In connection with this, Gasunie will transfer rights and obligations from the first agreement to a Porthos entity.

IV.1) DESCRIPTION

IV.1.1) Type of procedure

Competitive procedure with negotiation

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 1

In the case of framework agreements, provide justification for any duration exceeding 4 years:

This framework contract has an intended term of four (4) years and optional extension of two (2) times two (2) years. The intended effective date is late 2021. The substantiation for the extension is that the framework contract is meant for investment projects with a wide lead time and new deliveries probably fall under special sector part of the Public procurement law. The second best Tenderer will be awarded a backup contract to ensure continuity.
