Services

II.1.4) Short description

Royal Schiphol Group's mission for 2050 is 'Connecting Your World'. We are faced with a major challenge to constantly balance three major important qualities: Quality of Network, Quality of Life, and Quality of Service.

To realise our Vision 2050 and perform such a balancing act, Royal Schiphol Group concluded we needed to centralise the tougher innovation missions in what is now known as Royal Schiphol Group's Innovation Hub. In addition, Royal Schiphol Group aims to accelerate our transformation by rapidly scaling innovations in our operational environment, which is supported across our business units by Royal Schiphol Group's Scaling & Commercializing team.

In order to achieve our goals, to accelerate our transformation and to provide Business value for our airport and the whole aviation industry, we are looking for a long-term partner who will commit to our challenges and goals in order to co-create a better tomorrow.

-

II.2.3) Place of performance

NUTS code:

NL NEDERLAND

Main site or place of performance:

Schiphol, The Netherlands

II.2.4) Description of the procurement:

(nature and quantity of works, supplies or services or indication of needs and requirements)

Royal Schiphol Group wants to accelerate (explorative) innovation and scale impact to realize Vision 2050; from exploration to business value, leveraging the leading role in the sector by facilitating successful collaboration.

To achieve this, we are looking for a long-term partner that:

- co-owns our innovation challenges,
- can support us (using different working methods) throughout the entire innovation journey from exploration to business value,
- can add the right capabilities at any point either by doing so themselves or via third parties in the ecosystem.

For to be determined projects, the future partner works along side our way-of-working: from ideation to commercialization and scale-up (including implementation and sourcing, if applicable). Joint decisions can be made based on a shared business case (benefits/costs, risk and investment).

A publication (including selection guidelines and more information) is foreseen to be done in March 2022.

II.2.14) Additional information:

Please see chapter 1 of this notice. Further information on Vision 2050 can also be found at: <https://www.schiphol.nl/en/schiphol-group/page/strategic-qualities/> .
