SECTION IV: PROCEDURE

IV.1) DESCRIPTION

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 2

In the case of framework agreements, provide justification for any duration exceeding 8 years:

Since the realization of the WarmtelinQ project may span over 12 years, a contract duration for the framework agreement of up to 8 years is too short because retendering could mean a break in standardization. Therefore, the framework agreements are framed for a period of 12 years.

IV.1.4) Information about reduction of the number of solutions or tenders during negotiation or dialogue

-

IV.1.6) Information about electronic auction

-

IV.1.8) Information about the Government Procurement Agreement (GPA)

Access to Tender documents– Ariba

The consultation and tender shall be carried out via Ariba. All requested information regarding the consultation and tender must be submitted via Ariba.

In order to gain access to Ariba and the tender documents, please send an email to the Gasunie contact person Mr. Arjan Kleine via a.kleine@gasunie.nl as mentioned under section I.1 stating:

1. The tender name
2. The following company information:
 - name
 - street
 - postal code
 - city
 - country
3. The following information of the person that must be invited to the tender:
 - name
 - email address
 - phone number

Gasunie will send the designated person an invitation to the event as soon as possible.

If you have not received an invitation after two working days, please contact the Gasunie contact person Mr. Arjan Kleine again via a.kleine@gasunie.nl and send an email to: procurementsupport@gasunie.nl.

Gasunie has published a consultation on Tendered first. Participants may apply in accordance with the procedure described in the consultation document which is available in the Ariba eSourcing system. Gasunie will add the participants to the Ariba eSourcing system after a request as mentioned above. In the Ariba eSourcing system the participants can download the information from Gasunie and submit the requested information, including the list of questions in the attached document "Query List Consultation for Control Valve". Response to the questions is to be done via the Ariba eSourcing system.

NB. This concerns a revision of the European tender that was previously published on 25 November 2021. A substantial change has been made with regard to the minimum requirements for technical or professional competence: ISO 14001 is no longer included as a ground for exclusion in the current tender, but has become part of the selection criteria. Thereafter, the scope has been expanded with a segmented ball valve. For further information, see the tender document.
