II.1.4) Short description

Travelpoint, the future travel landscape for 3W primarily envisages further development in the simplicity of booking a trip and claiming travel expenses with a maximum and global offer of travel and accommodation. Growth of the online adoption rate is a priority, with a target of at least 90% by the end of 2024. Self-sufficiency is the basic principle, whereby travellers can book, change and cancel trips independently and online, and can claim expenses. For Travelpoint, the starting point is a SaaS solution for a travel and expense application, equipped with the functionalities offered by a supplier and matching the requirements of the client.
