Question nr.	Document	Question
1	Appendix 1 Concept Agreement - Page 3 Section 4.3	The current tender does not offer a down payment. We would like to advise that it is common for this sector of industry to invoice 30% down payment. Is it possible to adjust the payment conditions that the successful bidder receives an initial payment of 30%?
	Answer	Yes, the payment schedule has been adjusted to arrange an initial down payment of 30%. Article 4.3 of Appendix 1 Concept Agreement has been amended to reflect this change, the payment schedule is now: - 30% of the price for "delivery of a Doppler LIDAR device to measure the 3D wind field, including the use of software, training of employees and support and maintenance of the device for the first two years after date of delivery" after the Contract is signed. This serves as the down payment. - 30% of the price for "delivery of a Doppler LIDAR device to measure the 3D wind field, including the use of software, training of employees and support and maintenance of the device for the first two years after date of delivery" after the Delivery of the Product to the Purchaser. - The remaining 40% of the price for "delivery of a Doppler LIDAR device to measure the 3D wind field, including the use of software, training of employees and support and maintenance of the device for the first two years after date of delivery" after the Product has been Accepted by the Purchaser. - 100% of the yearly price of "service and maintenance on the device starting from year 3" will be paid per year starting from year 3 after completed SAT for as long as this Contract is into force. In addition to this article 6.10 has been added to Appendix 1 Concept Agreement. A new version of Appendix 1 Concept Agreement has been uploaded and added to the Tender documents. In addition to these changes, the following rule applies: - If the down payment of 30% exceeds € 500,000,00, a bank guarantee for the full amount of this down payment will need to be provided by Contractor and approved by KNMI before the invoice can be processed.
