II.1.4) Short description

“RVO aims to publish a European tender around the end of July 2022. The objective of this tender is to conclude an agreement with a tenderer who is able to carry out geophysical investigations at the offshore Nederwiek Wind Farm Sites Zuid & Noord (North and South) and one other possible investigation area. The deliverables of these investigations will be published for use by the participants in the concession tenders for these offshore Wind Farm Sites. This European tender will (most likely) consists of 2 lots, which will be tendered in light of the two Nederwiek Wind Farm zones (North and South). The exact scope will be determined in the near future.

The offshore campaigns for the investigation areas are planned to start in the beginning of 2023.

For your reference, some finalized geophysical deliverables for other areas are published here:
