
Nota van inlichtingen A01.001.2022 Strengthening the Capacity of 14 Regional Referral Hospitals in Uganda

Aanbesteding: A01.001.2022 Strengthening the Capacity of 14 Regional Referral Hospitals in Uganda
Aanbestedende Dienst: Invest International Public Programmes B.V.
Referentie: A01.001.2022

Toelichting:

Ref.nr. **Onderwerp:**
2 Terms of Reference (Appendix 12)

Vraag:

In line with article 2.71 of the Dutch Public Procurement Act 2012 for open tenders which states that "For open procedures, the time limit for submitting tenders shall be at least 45 days from the date of dispatch of the notice", may we please request an extension to the bid submission deadline to allow for the statutory 45-day period?

Antwoord:

We accept the extension to 45 days. The closing date for submission of the proposals will be changed to 29 October 2022. The terms published on TenderNed and the planning in the tender document (session 3.4) will be adjusted confirm this.

Ref.nr. **Onderwerp:**
3 Programme of requirements: Appendix 7

Vraag:

Programme of Requirements : We assume that references to water management and Indonesia are typographies. Please could you advise re replacement text for Section 1.1, and confirm that Sections

Antwoord:

On RF1: Please read "... public health infrastructure development." for "... urban development and water management." On RF2 please read Ugandan instead of Indonesian.

Ref.nr. **Onderwerp:**
4 Terms of Reference: Appendix 12

Vraag:

Section 7.1 gives the required profiles of each of the core team members. Please could you clarify the evaluation criteria in relation to the phrase “or equivalent” for the following core profiles: Team leader: A university degree in public health, or equivalent. Would a university degree in Business Administration be considered as equivalent? Human resources for health expert: A university degree in public health, or equivalent. Would a university degree in healthcare management be considered as equivalent?

Antwoord:

If a Team Leader has a University Degree different from Public Health, but achieved university level degrees and/or diploma's with a particular proven focus on or specialization in public health, healthcare management, healthcare project management etc., that can be considered equivalent. If the Human resources for health expert has a University Degree different from Public Health, but achieved a university level degree in for example Human Resources with a particular focus on or specialization in public health, healthcare management, healthcare project management etc., that can be considered equivalent.

5

Onderwerp:

Terms of Reference: Appendix 12

Vraag:

Section 5 – Project Duration. The estimated start dates within the table seem to be inaccurate/in the past. Can we assume that they should be aligned to fit with the commencement date of the contract being 1 January 2023?

Antwoord:

That assumption is correct. The start date of Phase 1: Inception will depend on the commencement date of the contract. The estimated time per phase and the estimated time per phase to reach Go / No Go remains the same.

Onderwerp:

Tender document

Vraag:

Sections 5.4.1 and 5.4.2. Could you please clarify what the differences are

between Sub award Criterion 1: Proposed Approach and Sub award Criterion 2: Execution of This Assignment since both mention methodology?

Antwoord:

Section 5.4.1 requires a Contractor to describe a strategic, overarching and preparatory manner how the full D2B Studies, tasks and deliverables will be achieved. Section 5.4.2 requires a Contractor to describe in a tactical, detailed and executionary manner per identified phase how the tasks and deliverables will be achieved. Methodology can differ per phase, nuances can be different per particular phase.

7

Onderwerp:

Tender document

Vraag:

Section 5.4.6. Please could you provide further elaboration as to what is meant by “sustainability opportunities”? Do you mean measures that could make the consultant’s activities more sustainable, or measures that could be incorporated into the assignment to make the implementation phase more sustainable?

Antwoord:

Section 5.4.6 is part of Chapter 5. Assessment Procedure. The whole chapter relates to the assessment process for the proposals submitted for this tendering procedure, thus the sustainability opportunities relate to the consultant's sustainability activities and measures throughout the execution of the five phases.
