ANNEX D1 – GENERAL PROCUREMENT: JUSTIFICATION FOR THE AWARD OF THE CONTRACT WITHOUT PRIOR PUBLICATION OF A CALL FOR COMPETITION IN THE OFFICIAL JOURNAL OF THE EUROPEAN UNION

Directive 2014/24/EU

D1.1) Justification for the choice of the negotiated procedure without prior publication of a call for competition in accordance with Article 32 of Directive 2014/24/EU

The works, supplies or services can be provided only by a particular economic operator for the following reason:

- absence of competition for technical reasons

D1.3) Explanation

Please explain in a clear and comprehensive manner why the award of the contract without prior publication in the Official Journal of the European Union is lawful, by stating the relevant facts and, as appropriate, the conclusions of law in accordance with the directive: It has turned out that for technical reasons (article 2.32 Aw) VDE is the only party that can do this in conjunction. In addition, we carried out a market orientation beforehand to find out whether there are several parties in the market that can carry out this assignment in whole or in part. There is one party that has registered as an interested party. With the market orientation, we wanted to investigate whether there are multiple parties in the market or interested in carrying out this assignment in conjunction (all household appliances together). In addition, in the market orientation we also asked whether there are parties that could test some of the household appliances for energy consumption, and if so, which ones. So only one response has come from VDE, which can test all household appliances.
