NUTS code:

NL NEDERLAND

Main site or place of performance:

Please note: The residence is located at 85 rue de Grenelle, 7th arrondissement, Paris, France.

Place of performance is France!!

II.2.4) Description of the procurement:

(nature and quantity of works, supplies or services or indication of needs and requirements)

The Ministry of Foreign Affairs prepared the scope of the maintenance works. It consists of architectural, electrical, mechanical works combined with works on security and data. The main job of the project is the paintwork inside and outside of all the façade openings (apart from some items, they are 30 years old) including the shutters, window sills, metal balustrades, some wood repair, renewal of draft profiles etc. Because of low quality maintenance we are thinking about removing most or all of the existing layers of paint and applying a new paint system. Also the garden walls need some restoration (done by another party) and a full paint job. Minor paint jobs consist out of interior work mostly caused by other jobs.

The scope of the work is approximately:

100 windows and doors in the façade;

4 gateways;

300 m2 of garden wall, up to 3 meters high;

400 m2 of interior walls to be white washed/painted.

The quantities and scope mentioned are only an indication based on historical data. No rights can be derived from this.

II.2.14) Additional information:

-

II.3) ESTIMATED DATE OF PUBLICATION OF CONTRACT NOTICE

01/03/2023

SECTION IV: PROCEDURE

IV.1) DESCRIPTION

IV.1.8) Information about the Government Procurement Agreement (GPA)
