Memorandum of Information TNO

Guidelines for the European Public procurement tender for the delivery of Scanning Electron Microscope Ref. 2022 FPL/INK 103 date February 23, 2023

Date :	**April 14, 2023**
Version:	**7 (final)**

Questions about the European Public procurement tender procedure and/or the European Public procurement tender documents can be asked until no later than the closing date of the 'Deadline for asking questions' as mentioned in the tendering schedule shown in sub-section 2.3.

Section nr. / subject	Questions Tenderer	Answer TNO
8.4 Detectors	*In 8.4.5 you ask for a part to retrofit a detector that can detect Li-ions. Do you mean either detecting Lithium or identifying chemical bonding states of material that contain Lithium? If such a detector is already included, are the points automatically awarded?*	We mean detecting Lithium, and not the chemical bonding. If the detector is included, the points should be automatically awarded.
2.1 Schedule		As stipulated in Directive 2014/24/EU and the Procurement Act 2012, a contracting authority in a procurement procedure must provide the information note at least 10 days before the deadline for submission of tenders (2.54 Procurement Act 2012). As TNO erroneously did not respond to the above question earlier, TNO adjusts the (remaining) deadlines accordingly (see also paragraph 2.1). Revised schedule: 4. Publication of (final) Memorandum of Information — April 14, 2023 5. Final date (and time) for submission of Tenders — April 25, 2023 1:30 (pm) 6. Announcement of Intention to Award — May 16, 2023 7. Final date for submission of evidential documents by intended Contractor — May 23, 2023 8. Final date for lodging an objection — June 6, 2023 9. Confirmation of Contract Award — Close after June 6, 2023
