

PLEASE NOTE: CHANGE IN COMMUNICATION

As Tendered is only available in Dutch, this may not allow you to use the platform properly.

Therefore, contrary to the information in the RFI, you may also send all communications directly by e-mail to:

Br.alting.boudewijn@mindef.nl

note: it is **not possible** to receive an e-mail that contains more than **10 MB** of attachments.

The firewall will block the e-mail and it will not arrive to the recipient, without notifying the recipient about this.

Therefore, when submitting your questions or answers to the questionnaire by e-mail, please do so as follows:

1. send any attachments in a small format or spread them over several e-mails so that the e-mail does not contain more than 10 MB of attachments;
2. send a separate e-mail without attachments with the message that you have sent an e-mail with attachments.

Receipt of your email will be acknowledged within 2 business days (unless you receive an Out-of-office message that says otherwise). If you do not receive a confirmation, please contact us.
