

Explanation of the assessment of quotes

Planning project:

Max. 40 points

- 1.) Division into phases
- 2.) Determination of goals per phase
- 3.) Specify the completion of the phases
- 4.) Specify in addition in particular the approach to realise the team rooms, the extranet partitions, the chat function, the search functions, the connectivity of external systems, as described in the tender document and the annexes.

Communication:

Max. 10 points

- 1) Description of demonstrated commitment to accessibility and timely and clear communication during development and implementation.

Total:

Max. 50 points

On project plan:

40 points:

The performance and explanations of the participant with regard to the sub-criterion met the requirements of the contracting authority to a particularly high degree. The presentation and the explanations were fully convincing and comprehensible in all respects and have given an optimal impression of the fulfilment of objectives in the future cooperation.

30 points:

The participant's presentation and explanations of the sub-criterion fully met the requirements of the contracting authority. The presentation and the explanations were very convincing and comprehensible and gave a very good impression of the fulfilment of objectives in the future cooperation.

20 points:

The participant's presentation and explanations regarding the sub-criterion largely met the requirements of the contracting authority. The presentation and the explanations were on the whole convincing and comprehensible and gave a good impression of the fulfilment of the objectives in the future cooperation.

10 points:

The participant's presentation and explanations regarding the sub-criterion only partially met the requirements of the contracting authority. The presentation and the explanations were on the whole not very convincing and comprehensible and only gave an insufficient impression of the fulfilment of the objectives in the future cooperation.

On communication:

10 points:

The communication plan presented corresponds absolutely to the full extent of goal-oriented project communication.

6 points:

The communication plan presented fully corresponds to a target-oriented project communication.

3 points:

The communication plan presented corresponds in part to goal-oriented project communication.

At price:
