II.1.4) Short description

RVO aims to publish a European tender around the end of May/beginning of June 2023. The objective of this tender is to conclude contracts with one or more tenderers who are able to carry out geophysical investigations at the offshore 'Doordewind Wind Farm Zone'. This European tender will consist of 3 different lots, divided on the basis of scope and data type. The deliverables of these investigations are part of the site characterisation of the Doordewind Wind Farm Zone and will be published for use by the participants in the permit tenders.

The exact scope of the assignment will be determined in the near future, but both 2D UHRS and 3D UHRS are anticipated, in different lots. The offshore campaigns for the investigations are planned to start in the beginning of 2024.
