(nature and quantity of works, supplies or services or indication of needs and requirements)

This is a market consultation of Schiphol Nederland B.V (hereafter referred to as Schiphol or SNBV) and Eindhoven Airport N.V.(hereafter referred to as EA). The goal of the market consultation for the airports is to:

- Inform the market about our future need for collecting environmental data.
- Gain insight in the solutions (products/services) that are being offered in the market for an environmental data as a service solution.
- Gain insight in what data is useful to collect and for what purposes this can be used.
- Gain insight in which parties can deliver complete scope and can be held responsible for the maintenance of the complete solution to unburden the airports.
- Gather information to be able to prepare a possible tender.

With this market consultation Schiphol wishes to investigate which suppliers are interested in supplying the airports with a data as a service solution including maintenance and meet the given requirements. Furthermore, we want to find out whether the requirements are realistic, whether our vision resonates with the market and if the market has advice on what is the best way to prepare the tender in order to realize our goal to become the most sustainable airports.

This market consultation will take place entirely via Negometrix.
