

Memorandum of Information European tender procedure for the procurement of experts for the execution of the Dried Fruit programme in Ghana of CBI

Date: 1 March 2023

In this memorandum of information, the contracting authority provides answers to the questions asked and remarks posted in the context of the above-mentioned European tender. This memorandum of information forms an integral part of the tender document.

	Chapter/ Paragraph	Clarification
1.	Tender Document par. 3.9	We would like to add a clarification regarding not allowing staff and experts to travel on behalf of CBI to regions earmarked as orange (or red) by the Netherlands' governmental travel advice. This only applies when the regions are earmarked <i>due to Covid-19</i> , and not in the case of any other causes. In case the travel advice changes from yellow to orange when the expert is on mission, he or she will be asked to return as soon as possible.
2.	Appendix 07: Data Processing Agreement (ARVODI 2018)	As stated in Appendix 2 of the Data Processing Agreement: • Within the Dutch government, the Baseline Informatiebeveiliging Overheid/ ISO27001 (BIO) is the basis for the design of information security. • The security of the Contractor must at least meet the same requirements as the BIO that prescribes on the components: For this contract the BBN1 (Basis security level 1) is applicable" We would like to clarify that as tenderer, you do not need to have ISO27001 certification yourself. You must however take appropriate measures for the processing of personal data in the category BBN1. For this, you agree to the Data Processing Agreement. This is also applicable for independent contractors.
