Market Consultation for a high voltage electrode steam boiler

Reference number: -

II.1.2) CPV code(s)

Main code:

42162000 - Stoomboilers

Supplementary code:

-

II.1.3) Type of contract

Supplies

II.1.4) Short description

This concerns a market consultation of Radboud University Medical Center (Radboudumc). Radboudumc is planning to take the next step in downgrading our consumption of finite resources. We are looking for a partner who can design, manufacture and install an E-boiler our facility.

The department energy of Radboudumc is looking for a sustainable way to produce the steam demand of the hospital. Radboudumc has currently 3 gas fired steam boilers. To guarantee the demands by both the Dutch government and Radboudumc hospital, it is necessary to meet the characteristics mentioned in the Base of Design (BoD).

The objective of this market consultation is to consult the market on a number of crucial aspects of the ultimately described project and the characteristics of the market in which these services are provided, following a traditional (European) tendering procedure (completely without obligation) with full disclosure and without obligations.

II.1.5) Estimated total value

Value excluding VAT: 600 000,00 Currency: EUR

II.1.6) Information about lots

This contract is divided into lots: no

II.2) DESCRIPTION

II.2.1) Title

-

Lot No: -

II.2.2) Additional CPV code(s)
