The diagram shows a cross-section of a road. The road surface is 3.24m wide and is colored pink. To the left of the road surface is a 10m wide concrete curb, colored light blue. To the right of the road surface is a 15m wide concrete curb, colored light blue. A car and a person on a bicycle are shown on the road surface. The car is 3.5m wide and the person on a bicycle is 1.5m wide. The total width of the road surface and the concrete curbs is 10m + 3.24m + 15m = 28.24m.

Diagram illustrating the relative positions of a car, a cyclist, and a truck on a road. The car is 10.9m from the left edge, the cyclist is 17.8m from the left edge, and the truck is 54.6m from the left edge. The truck is 36.8m from the cyclist.
