Title: Signalizing- and Registration system for the Harbour of Scheveningen

Description: The Municipality of The Hague (MTH), is deeply committed to the shared mission of bolstering security and safety within its port facilities. It is within this ongoing commitment that we actively seek innovative solutions to effectively address these multifaceted challenges. This market consultation (RFI) is deemed essential in today's globally interconnected landscape, where a network of ports presents a pervasive challenge of preventing and combating criminal activities. The anticipation is that the global maritime community has already developed and deployed sophisticated solutions with functionalities, just like the Municipality of The Hague is looking for. The quest lies in discovering and engaging potential contractors who possess these solutions and making them aware of the opportunity to offer their expertise in an upcoming tender process. For 1 location, the Harbour of Scheveningen
