

[illegible][illegible]

The diagram shows a cross-section of a road with a central lane for a 3.5m wide vehicle (e.g., truck) and two side lanes for 2.5m wide vehicles (e.g., cars). The total width of the road is 17.4m. The central lane is 4.5m wide, and the side lanes are 3.5m wide each. The required clearance for a 3.5m wide vehicle (e.g., truck) is 1.69m, and for a 2.5m wide load, it is 1.90m. The required clearance for a 3.5m wide vehicle (e.g., truck) is 1.69m, and for a 2.5m wide load, it is 1.90m.
