Estimated value per Lot differs between € 3 and € 550 million Euros over a period of 60 months. Therefore it is hard to estimate the total spend for this lot. Combined over 39 Lots the total value is not expected to exceed € 1807 million over the lifespan of all framework agreements over all lots. The estimated spend is therefore an estimate only. No rights can be derived from the indicated estimated value. In some countries a bank guarantee may be required.

Framework agreement:

Framework agreement, partly without reopening and partly with reopening of competition

Maximum
number of
participants: 3

Justification for the duration of the framework agreement: The Framework Agreements that GÉANT intends to award following this Invitation to Tender (ITT) has a term of five (5) years. The exceptional circumstances such as the size, complexity of it, amount of effort and investment required from all involved parties and expected implementation term of this ITT, provides that this is considered proportional and necessary, to require a longer duration than usually is allowed for European framework agreements. The objective extent of this ITT is considered to relate and be also proportionate to the subject matter of the Contract, scope, and number of participating entities.
