1 GENERAL INFORMATION

1.1 GENERAL

This document contains information about the market consultation for mobile flares for hydrogen and natural gas. The information gathered by Gasunie through this market consultation will be used for a tender on behalf of N.V. Nederlandse Gasunie (hereinafter: Gasunie). No rights may be derived from the information provided in this document.

The purpose of this document is to provide information about Gasunie, information about the course of this market consultations and to provide the participants of the market consultation with the relevant information to be able to answer the questions of Gasunie (enclosed in Annex 1).

1.2 N.V. Nederlandse Gasunie

Gasunie is an energy infrastructure company. In the Netherlands and Northern Germany, we manage the infrastructure for large-scale transport, storage and conversion of gas, currently still mostly natural gas. With the energy transition, this is increasingly shifting towards green gas and hydrogen. We are also working on the construction and management of heat and CO2 networks. Our duty is to provide safe, reliable, affordable and sustainable energy infrastructure services, making energy available to everyone at all times. Safety, reliability, sustainability and cost awareness are paramount.

The Gasunie network is one of the largest high-pressure gas transport networks in Europe and consists of more than 15,000 km of pipelines, 1,000 gas receiving stations and dozens of installations in the Netherlands and Northern Germany. Gasunie's infrastructure is part of the 'gas roundabout' of Europe. This network allows the gas to be traded and transported easily. The annual throughput of gas is approximately 100 billion cubic meter.

1.3 Market consultation

Gasunie wants to get a better impression of the available possibilities in the market for mobile flares for hydrogen and natural gas

With this consultation Gasunie wants to receive more information about the mobile flares for hydrogen and natural gas of the:

- Construction;
- Maintenance;
- The availability;
- Usage;
- Etc.

We like to receive comprehensive responses and a thoughtful and proactive attitude. Gasunie looks forward to your response.
