Title: Expert support: Cost effectiveness and business case analyses for future wind farm sites

Description: The tender is issued to receive expert support for conducting studies that provide insights into key economic and technical performance indicators of wind farms, such as through Levelized Cost of Energy (LCOE) analyses. The primary goal of these studies is to compare the relative differences between various design options within a wind farm and to benchmark them against the LCoE of previously developed wind farms. A secondary goal is to determine the absolute values of the main drivers, specifically the financial components of the wind farm (CAPEX and OPEX) and annual energy production (AEP). 300.000
