2.1 Procedure

Title: Voluntary publication 'Platform hosting subsurface software Petrel/Eclipse/Techlog/OLGA/'

Description: Energie Beheer Nederland (EBN) is a public company in the energy sector. We are committed to providing reliable, affordable, and sustainable energy now and in the future. As a state owned company of the Dutch government, we closely collaborate with industry partners and businesses and contribute to the current security of energy supply in the Netherlands. We also help to accelerate the development of sustainable energy sources and the sustainable energy system of the future. Our focus areas are; acceleration of the heat transition, creation of a sustainable gas system and responsible CO2 storage. We work together with public and private partners and use our knowledge, expertise, and financial strength to accelerate the construction of the sustainable energy system. This is all necessary to achieve climate goals based on sustainable energy sources. Previous tot this publication a market consultation has been published. There was a very small amount of reactions which leads to this voluntary publication.
