2.1 Procedure

Title:	Framework Agreements regarding Partners on IT&Data
Description:	The Engagement is divided in four (4) Lots and involves the delivery of expertise, competence and resources in the field of IT (run and change) for the IT & Data departments within the Contracting Party. The Contracting Party is initially looking for partners who can meet the need for additional capacity, projects, maintenance and resources to staff the teams of the IT & Data departments and to possibly scale them up. However, the Contracting Party expects more from the partners than just providing capacity, as they should understand and convey the objectives and strategy of the IT & Data departments within the Contracting Party as mentioned in Appendix 1a and be able to deliver real business value for the Contracting Party. In addition, the partners shall make a concrete contribution to realizing the strategy of the IT & Data departments with their knowledge and expertise.
