

Figure 1 is an aerial map of the study area in Tokyo, Japan. The map shows a residential neighborhood with streets, buildings, and green spaces. Four study sites are highlighted in gray and labeled A, B, C, and D. Site A is a large rectangular area in the upper left. Site B is a large rectangular area in the upper right. Site C is a large rectangular area in the lower left. Site D is a large rectangular area in the lower right. A scale bar at the bottom left indicates a distance of 200 meters. A north arrow is located at the bottom right.
