

The figure shows three horizontal scale bars used for measurement:

- Schaal 1:000**: A bar divided into four equal segments, labeled 0m, 100m, 200m, and 300m.
- Schaal 1:200**: A bar divided into eight equal segments, labeled 0m, 20m, 40m, 60m, 80m, 100m, 120m, and 140m.
- Schaal 1:500**: A bar divided into five equal segments, labeled 0m, 200m, 400m, 600m, and 800m.
