Legal type of the buyer: Body governed by public law

Legal type of the competent authority: Body governed by public law

Activity of the contracting authority: General public services

2. Procedure

2.1 Procedure

Title: National Geo Register

Description: The Kadaster requires a service for the management of the National Geo Register that provides a stable and managed version of GeoNetwork Opensource Core product. This service meets the requirements set by the Dutch government according to the European Inspire Directive for providing metadata of geodata products. NGR consists of a core facility that is used by many other companies domestically and internationally, and a Dutch layer. The GeoNetwork Core product is based on open-source code and is widely used in the Netherlands and abroad (Europe). The “Dutch skin” is also open source and widely used. See TenderNed Document

2.1.1 Purpose

Main nature of the contract: Services

Main classification (cpv): 72200000 Software programming and consultancy services

Additional classification (cpv): 72210000 Programming services of packaged software products
