1 General

1.1 *Introduction*

The Tender Document at hand contains information regarding this invitation to tender conducted in accordance with the Competitive Procedure with Negotiation for the major overhaul of the LM6000 in The Hague, the Netherlands.

1.2 *About Uniper*

Uniper is an international energy company with about 11,000 employees. Headquartered in Düsseldorf, Germany, Uniper ranks among large generation and trading companies in Europe, which is one of the world's most important energy markets. Through the commodity-trading and technology-services businesses, Uniper is also active in energy markets from the Americas to Asia. The core markets are Germany, the United Kingdom, Sweden, the Benelux countries and Russia. In Hungary Uniper owns one power plant. To support the activities outside of Europe and Russia, Uniper operates a trading business in North America and have offices in several international locations. Uniper Benelux N.V. produces electricity, heat and steam in the Netherlands. In Belgium Uniper also supply these products to the business-to-business market. The power stations contribute to the security of supply in the Netherlands. In addition, Uniper provide support services that help balance the high-voltage grid. For more than 10 years Uniper has been working closely together with the surrounding industry in Rotterdam to exchange residual materials in order to reduce our carbon footprint. Loacation whithin Uniper Benelux N.V are:

- The Hague
- Leiden
- Rotterdam Maasvlakte
- **Ro**tterdam **Ca**pelle (RoCa)

The 'the Hague' plant is the subject of this assignment.

Commissioned : 2007 (GT51 ESN 192-230) (GT52 ESN 192-229)
Electrical net output: 114 MW
Fuel: Natural gas

2 Subject of the assignment

2.1 *Description of the assignment*

The Hague power plant GT52 Serial Number ESN192-229 is a GE LM6000 PD sprint gas turbine fired on natural gas. It was installed and commissioned in 2007 as part of the upgrade of the overall plant. It is capable of producing up to 45MWe. The engine exhausts via a heat recovery steam generator to produce heat for the city district heating network of The Hague and steam for the steam turbine. It is one of two gas turbines. Both turbines are connected to the same generator via separate gearboxes and SSS clutches. GT51 had its major overhaul in 2022/2023 and GT52 requires its major overhaul. The work is expected to begin in Q3 2026 or Q2 2027 depending on operational requirements. The engine must be removed from the package and transported to an overhaul facility, returned once overhauled and installed and recommissioned.

2.2 *Purpose and goal*

The purpose of this European Tender is to receive a quotation and detailed specification for the assignment. The recipients of this Tender are referred to as "Tenderer". The goal is to find a supplier with proven technology, knowledge, experience and capabilities of performing the replacement of the Turbine Control System. By responding to this Tender, the Tenderer warrant that they have the facilities, management, resources and technical ability to provide all the services and/or products and/or material under this Tender. The provided information, scope, schedule, quantities and documentations are subject to change at the request of UNIPER.

2.3 *Location*

Location of the assignment is:

Uniper Benelux N.V.
Site Name: The Hague
De Constant Rebecqueplein 20, 2518 RA The Hague
The Netherlands

2.4 *Lots*

The invitation to tender has not been divided into lots as the activities are inextricably linked and must be carried out as an integrated whole by a single Contractor (whether independently, in consortium, or with subcontractors).

2.5 *Scope*

The complete scope of work can be found in appendix 3 and it consists of the following documents:

Appendix 3.0 - TRS The Hague LM6000 Major Overhaul

3 Application procedure

3.1 *Contracting authority:*

Uniper Benelux N.V
attn. J.C. Villanueva Oubina
Capelseweg 400
3068 AX Rotterdam
The Netherlands

Juan Carlos Villanueva Oubina
E-mail : carlos.villanueva@uniper.energy, phone +31 (0)6 250 76 025.

3.2 *Confidentiality*

All documents and related correspondence within the scope of this Tender should be treated as confidential and shall not be disclosed to any third party. All intellectual property rights belong to UNIPER; each supplier may only use the information provided for the tendering procedure for the purpose for which it has been provided. The supplier shall sign the appropriate Non-Disclosure Agreement if requested.

3.3 *Procurement procedure*

- Competitive Procedure with Negotiation
- The Public Procurement Act 2012 with all subsequent revisions (Aanbestedingswet 2012)
- Works Procurement Regulations (Aanbestedingsreglement Werken) (ARW 2016)

3.4 *Time schedule*

The Tenderers cannot derive any rights from this time schedule. UNIPER reserves the right to change the planning. The Tenderers will be notified by any planning changes via TenderNed. Placing the Application (submission of selection documents by the Candidate) and the Tenders on time, in TenderNed is entirely the responsibility of the Tenderer.

Please note that this procedure foresees the **first selection phase being related ONLY to submission of selection documents**. Should this be successful, a second negotiation phase will follow where submission of Tenders and negotiations (incl. offers) take place. Content details on the second phase is to follow at a later stage.

The Contracting Authority has already made available documentation relevant for the 2nd phase (see documents uploaded on TenderNed). This is to allow all Tenderers the possibility to have an early start in case they are selected for the 2nd phase. Uniper strongly recommends that Candidates/Tenderers use this time for parallel preparations for the second phase of negotiations (i.e offers).

ITEM	DATE	Hour
I SELECTION PHASE		
Publication of Tender Document Selection Phase	02.05.2025	
Deadline for request to attend the information session	09.05.2025	10:00 A.M. CET
Information session	13.05.2025	
Deadline request for site visit	09.05.2025	10:00 A.M. CET
Site Visit	13.05.2025 until 19.05.2025 to be agreed	
Deadline for questions / request for information Please do not wait with your questions until the deadline.	23.05.2025	12:00 P.M. CET
Publication of Note of Information	30.05.2025	17:30 P.M. CET
Deadline for Applications from Candidates (submission of selection documents)	13.06.2025	17:30 P.M. CET
Review of Applications from Candidates	Latest 16.06.2025 until 20.06.2025	
Announcement of selection decision	Latest by 20.06.2025	17:30 P.M. CET
End of Alcatel period selection phase	3 days after decision of selection	
II NEGOTIATION AND AWARD PHASE		
Publication Tender Document Negotiation Phase	Latest by 27.06.2025	
Deadline for submission of First Tenders	18.07.2025	16:00 P.M. CET
Evaluation of First Tender	Latest 21.07.2025 until 25.07.2025	
Negotiations	Latest 28.07.2025 until 01.08.2025	
Deadline for submissions of Final Tender	22.08.2025	16:00 P.M. CET
Evaluation of Final Tenders	Latest 25.08.2025 until 29.08.2025	
Announcement of Tender Award	29.08.2025	
End of Alcatel period	18.09.2025	
Final Award/ Starting date of contract	latest by 18.09.2025	
Commissioning End Date	01/10/2027	

3.5 *Information session*

Tenderers can choose to attend an information session that covers the tender procedure and questions about TenderNed. Tenderers have to sign up for this session until the 9TH of May 2025 at the latest, 10:00 a.m. The information session takes place on the 13th of May 2025. This session will be held individually and takes a maximum of 50 minutes. The information provided in this session only concerns answering questions about the tender procedure, clarification of what is expected from the tenderers during the tender and answering questions about TenderNed. The Candidate/ Tenderer shall write a message on TenderNed with name and e-mail address to attend. Candidates/ Tenderers are advised to prepare beforehand with the questions they would like to ask. No rights can be derived from information given during the session. The Candidates/ Tenderers shall ask any question via TenderNed.

3.6 *Note of Information*

See 1.3 Asking questions about the tender '20250501_WS2487709203_TDPGeneral_Den Haag LM6000 Major Overhaul'. Please note that all questions regarding the documentation provided at this stage may be submitted during this phase. In the second (tender) phase, only questions relating to newly provided information may be submitted if applicable by the selected Candidates. Questions are public by default unless a reasoned request for confidentiality is provided. Confidentiality requests must relate to specific solutions or commercially sensitive information. Each request will be assessed; if confidentiality is not granted, the Candidate may choose to withdraw the question or have it treated as a public clarification.

3.7 *Site Visit*

A Site Visit is strongly recommended to be performed before submitting any bids. This is required so that the Tenderers become aware of the local situation. Tenderers are requested to apply by writing a message via TenderNed stating name and function of all visitors. Besides the local safety regulation, the RIVM Guidelines (comparable to RKI guidelines) are applicable. The deadline for request is as presented in the table above. The Candidate/Tenderer is requested to specify the preferred date of the site visit in the message. No rights can be derived from information given during the site visit. The Candidate/ Tenderer shall ask any question via TenderNed.

3.8 *Inconsistencies and objections*

If the Candidate/ Tenderer is of the opinion that the documents contain inconsistencies, errors or matters that are unclear or if he has any objections, then he must report this to the contact person in writing, including substantiation via the TenderNed Questions & Answers module.

3.9 *Complaints procedure*

If a Candidate/ Tenderer disputes a response given by the Contracting Authority to a question, request, comment or objection from him, or he receives no response, then he can submit a complaint via the TenderNed messaging module.

3.10 *Submission of the Application/ Tender*

The deadline (date and time) for submission of Applications/ Tenders is stipulated in the 'Time schedule' and it is a final deadline (unless subject to change). In order to submit an Application/ Tender, you must register with TenderNed. One or more registered users must be connected and authorized to submit the Tender via TenderNed on behalf of your company. The Contracting Authority advises that you start the TenderNed registration process immediately rather than postponing it until the tendering period is coming to a close. Upon registering your organization, you must add your tender via TenderNed's announcements platform. For more information on registering and establishing your organization with TenderNed and digital submission of your Application/ Tender, please read the Tender Documentation general information and visit https://www.tenderned.nl/cms/english/six-steps-bidding-public-procurement-contracts-online-through-tenderned.

- Only Applications/ Tenders that have been submitted to the digital safe for this invitation to tender either prior to or on the day of the deadline (prior to the time of the deadline) will be processed by the Contracting Authority.
- The time and date as displayed on the digital countdown clock in TenderNed serves as the definitive deadline for the submission of Tenders.
- The Contracting Authority is only able to see the Applications/ Tenders once the digital safe opens in TenderNed. This safe can only be opened upon expiry of the deadline for the submission of Applications/ Tenders.
- In the event you have technical issues or questions regarding submission of your Tender via TenderNed, you can contact the TenderNed service desk via servicedesk@tenderned.nl or +31 (0)70-3798899. If you believe that the

TenderNed service desk is taking too long to answer your question or comment, then you can contact your contact person within the Tendering Authority.

- Any risks resulting from late submission of the Applications/Tender and/or submission of an incomplete Application/ Tender is borne by the Tenderer.

- The Contracting Authority is neither responsible nor liable for any consequences resulting from a Tender that is submitted too late, incorrectly or incompletely.

The Contracting Authority will treat confidential information provided by the Candidate/ Tenderer with due care.

A complete submission for selection must consist of the following documents:

	Document	Legal signature?
1	European Single Procurement Document	Yes
2	Appendix 5 – Reference assignment form as per details requested	Yes

The following set of supporting documents will be requested only from the selected Candidates:

	Document (must be submitted within 7 calendar days upon request)
1	The quality standards described in ISO 9001:2000
2	The environmental standards described in ISO 14001:2004
3	An appropriate Health & Safety System (e.g. VCA*, VCP-P, SCC*, ISO 45001etc.)
4	The most recently issued auditor's report
5	Declaration of Conduct for Contracting (GVA)

Furthermore, by submitting an Application/ Tender the Candidate/ Tenderer accepts the following concerning the tender procedure:

a. There is a limitation period of 3 months applicable, calculated from the 'Deadline from Submission'.
b. All the Candidates/Tenderers are allowed to submit just one (1) Application/ Tender
c. The communication about this tender is exclusively digital via TenderNed

3.11 *Submission of an Application/ Tender in collaboration with other organizations*

If you cannot carry out the assignment independently, you can set up a collaboration with other organizations. There are two ways in which you can submit an Application/ Tender in collaboration:

1) As a consortium in which each member of the consortium is jointly and severally liable for the fulfilment of the obligations arising from the Tender as well as the fulfilment of the Contract.
2) In a principal contractor-subcontractor structure in which the Contractor is liable for the fulfilment of all obligations, including the obligations that will be subcontracted.

Tendering as a consortium

If an Application/ Tender is submitted by a consortium, then:

- Every member of the consortium must fill in and legally sign a separate 'European Single Procurement Document', which also includes a specification of who the consortium members are (see Part II of the 'European Single Procurement Document'). Indicate the role each member plays within the consortium. In the 'European Single Procurement Document', you must indicate who is in charge of the consortium (who is lead manager) and will act as its authorized representative.

- All organizations in the consortium accept joint and several liability for the fulfilment of the obligations arising from the Tender and the eventual fulfilment of the Contract.
- If a consortium member relies upon the capacity of another entity in order to demonstrate compliance with the applicable Requirements, then the entities in question must complete and sign Part II C of the 'European Single Procurement Document' (in compliance with the provisions specified below in the subsection 'Submitting a tender together with subcontractors' in the eventuality that subcontractors are obliged to demonstrate their capacity).
- Every member of the consortium, for their part, must provide the evidence requested for the Tender.

Submitting an Application/ Tender as a principal contractor together with subcontractors
If an Application/ Tender is submitted by a principal contractor that does not rely upon the capacity of any subcontractors, then only the principal contractor is required to complete and legally sign Part II D of the 'European Single Procurement Document'. If the principal contractor does rely on the capacity of subcontractors in order to demonstrate compliance with the applicable Requirements, then the subcontractor(s) in question must also complete and legally sign Part II C of the 'European Single Procurement Document'. The principal contractor is fully liable for the fulfilment of the obligations arising from the Application/Tender as well as the fulfilment of the contract (if awarded). In addition, the principal contractor is liable for the fulfilment of the obligations for which he has hired the subcontractor(s).

3.12 *Explanation and verification of the Application/ Tender*

The Contracting Authority can request that the Candidate/ Tenderer explains their Application/ Tender in greater detail and/or provide substantiating documents. The Contracting Authority is entitled – although not obliged – to check the accuracy of all data and statements submitted within the scope of the Tender.

3.13 *Scoring procedure*

See: 2 Selection for negotiation phase - **'20250501_WS2487709203_TDPGeneral_Den Haag LM6000 Major Overhaul'** for the scoring procedure.

The scoring of the submitted Candidates/ Tenderers will take place in the following steps:

1. Control general requirements as stated in this document
2. Judge and score the Candidates/ Tenderers on the exclusion grounds, selection criteria like technical and/ or professional ability.
3. Scoring of the Plan of Approach, schedule and performance and pricing by the scoring commission (only in the second phase of Negotiation).

The scoring commission consists of technical and tender experts. During a plenary scoring meeting the assessment commission members individually clarifies the scores given per Candidate/ Tenderer. The goal of the scoring meeting is to achieve consensus within the assessment commission. Candidates/ Tenderers will be ranked on the basis of their score. The top 3 Candidates with the highest score will be selected for the negotiation phase. In case of a tie for the last position, the ranking will be determined based on the highest score. If the tie persists, the final selection will be made by drawing lots. Candidates will be given the opportunity to attend the drawing of lots if desired. Those wishing to attend must register no later than two calendar days before the draw. The Tenderer, with the highest score during the negotiation procedure, wins the assignment. When 2 or more Tenderers have the same score in the second phase of negotiation, the Tender with highest score on price wins the tender.

3.14 *Legal signature*

A legal signature signifies that the document in question has been signed by a legally authorized representative. If it is recorded in the professional or trade register that two or more people are only jointly authorized to represent the organization, then the documents requiring a legal signature must be signed by those two or more people. If any limitations are in place regarding authorization to represent the organization, then this must be taken into account.

Communication and language

During the tendering process, communication with the Contracting Authority must be conducted in English. The Tender must be submitted in English. Additional documents (such as informational materials etc.) can also be provided in Dutch, German or English. During the fulfilment of the contract, communication must be conducted in English or, if the winner is a Dutch organization, in Dutch.

4 Exclusion Grounds, requirements and Selection Criteria

In this section, you can find the requirements set by the Contracting Authority to determine whether particular Candidates/ Tenderers are suitable to be awarded the contract. For this purpose, Exclusion Grounds, suitability requirements and requirements regarding technical and/or professional ability have been set. You can find the 'European Single Procurement Document' within the invitation to tender in TenderNed. The purpose of the Exclusion Grounds and Selection Criteria is to assess whether the Candidate/ Tenderer is suitable to fulfil the Contract in the opinion of the Contracting Authority. By signing the 'European Single Procurement Document' (which uses the term 'Selection Criteria' to refer to the suitability requirements), the Candidate/ Tenderer declares that he complies with the Selection Criteria as specified in this subsection of the Tender Document.

4.1 *General Exclusion Grounds*

General Exclusion Grounds

- all Exclusion Grounds specified in Part III A and B of the ´European Single Procurement Document´ (ESPD)/ (Uniform Europees Aanbestedingsdocument (UEA);
- the Exclusion Grounds in Part III C of the ´European Single Procurement Document´ (ESPD)/ Uniform Europees Aanbestedingsdocument (UEA)) that have been selected by the Contracting Authority by means of the tick boxes. Candidates/ Tenderers need to go to the invitation to tender in TenderNed, select 'Answers to Requirements' and then tick 'Yes' or 'No' for the 'Tenderer's Statement' requirement.
- Information on subcontractors. Please fill out the ´European Single Procurement Document´ if and where appropriate. The Candidate/ Tenderer is obliged to fill in subcontractors and mention the part of works they subcontract.

Please consult also the Tender Document general information at the section covering Exclusion Grounds.

4.2 *Requirements regarding technical and/or professional ability & Selection Criteria*

The Contracting Authority has set the following core competences, which demonstrate experience with essential aspects of the assignment. The Candidate/ Tenderer declares that he has carried out at least one reference assignment for each of the core competences listed below that meets the following minimum requirements.

Requirement 1: Similar works

The Candidate/ Tenderer must demonstrate experience in comparable works to the technical specification enclosed. Not providing references of similar works on comparable equipment, including all optional works as per the technical specification, is an Exclusion Ground. A reference Form (appendix 5) is to be filled out and include information about scope delivered either as Major Contractor or as 3rd Party or as Subcontractor

Further requirements for similar works references:

- 3 cases as reference for similar works need to be presented, failure to provide three cases will lead to exclusion from the tender procedure.
- The works must have been carried out within the past 3 year prior to the deadline for submission of requests to participate.
- A description of how the cases complied with safety, time and quality is requested; the description will include also information on how the Candidate/ Tenderer believes the cases used as reference are comparable with the tendered project.

Selection Criteria

The Candidate /Tenderer will be scored for Similar Works based on quality, relevance, robustness and completeness of information presented as follows:

100 points - case presented as reference with content that exceeds standards and expectations

80 points - case presented as reference with content that meets standards and expectations.
50 points - case presented as reference with content that is slightly below standards and expectations
0 points - case that are way below standards and expectations

Receiving a score of 0 points on two or more reference cases, will lead to exclusion from the tender procedure (K.O.).

Requirement 2: Quality, Environment and Safety
The Candidate/Tenderer shall comply with the quality standards described in ISO 9001:2000, the environmental standards described in ISO 14001:2004 and shall maintain an appropriate Health & Safety System (e.g. VCA*, VCP-P, SCC*, ISO 45001etc.). A completed European Single Procurement Document (ESPD) will suffice as preliminary evidence. Valid certificates will only be requested from selected candidates and must be submitted within 7 calendar days upon request.

Requirement 3: Basic supplier requirements
The Code of Conduct defines the basic requirements placed on UNIPER' suppliers of goods and services concerning their responsibilities towards their stakeholders and the environment. By signing the 'European Single Procurement Document', the Candidate/ Tenderer accepts these requirements.

4.3 *Requirements regarding financial and economic standing*

By signing the 'European Single Procurement Document', the Candidate/ Tenderer declares:

a. That he possesses sufficient financial and economic capacity to fulfil the contractual obligations.
b. That he is unaware of any possible claims against them that may compromise his organizations financial-economic capacity or continuity, and that no investment is required during the Contract period that may have a similar compromising effect.
c. That the most recently issued auditor's report (or, if applicable, a review report or compilation report) does not include a 'continuity section' that expresses doubt concerning the viability of the organization.
d. That he has a sufficient level of professional and/or statutory liability insurance for the fulfilment of the assignment and that in the event of the Contract being awarded to them, will remain sufficiently insured throughout the duration of the assignment(s). The Candidate /Tenderer will confirm that at least the insurance requirements described in Appendix 1 "General Conditions of Purchase" are fulfilled.

Summary of Selection Criteria

Selection Criteria	Exclusion Ground/ Maximum points
Exclusion Grounds as per the ESPD Form	Exclusion Ground
Similar works reference	Max 300 points Exclusion Ground should the min. not be fulfilled
Quality, Environment and Safety	Exclusion Ground
Basic Supplier requirements: Code of Conduct	Exclusion Ground
Financial and economic standing	Exclusion Ground

4.4 *Applicable Terms and Conditions*

The following shall apply in the order of precedence:

- Content of Appendix 3 Scope of Work - **TRS The Hague LM6000 Major Overhaul**
- Content of Appendix 1 General Conditions of Purchase Uniper Benelux (Uniper-EN2025-01)
- Content of Appendix - Terms and Conditions for Purchasing Contracts, Contracts for Work and Materials and Contracts for Work and Services of Uniper Group as of 062021

The applicability of any of the Tenderer's general terms and conditions concerning delivery, payment and/or any other matters is explicitly excluded. The UNIPER Terms and Conditions apply to the Contract as described in Appendix 1. The Candidate/ Tenderer shall indicate in writing any concerns regarding these conditions using appendix 2 with the tender. He shall upload a filled in appendix 2 on TenderNed with the tender. A suggested difference in Terms and Conditions can only lead to a lower price for UNIPER. The Candidate/ Tenderer is also asked to confirm and adhere to appendix 4 Supplier Code of Conduct as of 02.2019 and appendix 7 General Safety Regulations of Uniper Benelux (Uniper-EN2020-01). With reference to Payment Milestones, the following Milestones are foreseen as preliminary. Further details and/or changes (if any) will follow once the Tender Document Negotiation Phase is published.

%	Milestone
50	Advance payment linked to one/several defined event(s) (security needed)
25	Engine ready to Ship
10	Upon delivery to site
12	Completion of commissioning (start up and mapping) and preliminary acceptance
3	Provision of Final Documentation
100	Total

The Payment Term of 60 Days as described in Appendix 1 will apply.

5 Award Criteria

The preliminary and guiding award criteria are set out below. Further details and/or changes (if any) will follow once the Tender Document Negotiation Phase is published.

	Subject	Max points
A	**Price**	
	Price	50
B	**Quality – Plan of approach, schedule and Performance**	
	Technical	45
C	**Terms & Conditions**	
	Non-Technical	5
	Total	100

As a result of the negotiation, (limited) changes, nuances and clarifications can still be made. The Tenderer with the highest total points wins the tender.

6 Appendices

Appendix 1	**General Conditions of Purchase Uniper Benelux (Uniper-EN2025-01)**

	Terms and Conditions for Purchasing Contracts, Contracts for Work and Materials and Contracts for Work and Services of Uniper Group as of 062021
Appendix 2	**Mapping of acceptance/deviation of Uniper terms and Conditions**
Appendix 3	**Scope of Work**
	Appendix 3.0 - TRS The Hague LM6000 Major Overhaul
Appendix 4	**Supplier Code of Conduct as of 02.2019**
Appendix 5	**Reference assignment form**
Appendix 6	**Price form**
Appendix 7	**General Safety Regulations of Uniper Benelux (Uniper-EN2020-01)**
Appendix 8	**UNIPER 2023V05 roca revision hse plan rev**
