1 Definitions

In this Agreement, certain terms are used with an initial capital letter. These terms shall have the meaning given to them in clause 1 of TNO's Purchasing Conditions for Goods, February 2022 (TNO PC Goods 2022).

2 Object of the Agreement

TNO hereby purchases the Goods from the Supplier, likewise the Supplier hereby sells the Goods to TNO, in accordance with the Offer issued by the Supplier based on a market consultation unless otherwise provided in this Agreement.

2.2 The following documents (see Attachment(s)) together constitute the Agreement. To the extent that these documents contradict each other, the earlier document shall prevail over the later document:

4. The Offer submitted to TNO by the Supplier.

3 Duration of the Agreement

This Agreement shall enter into force on the date of signature by both parties and shall remain in full force and effect from the date of delivery, successful installation of the Goods and maintenance and services for the Goods (commencement date) and shall remain in effect for an initial term of **two (2) years** from the commencement date, unless earlier terminated. The Parties acknowledge that, due to the inherent complexities and uncertainties of large-scale construction projects, delays may arise from unforeseen circumstances beyond the reasonable control of the Client.

The Supplier shall incorporate this potential variability into its planning and shall maintain a flexible and adaptive approach to any changes in the project schedule. Except in cases of gross negligence or willful misconduct by the Client, such delays shall not entitle the Supplier to any claims, penalties, or rights of termination under this Agreement.

5 Price and other financial provisions

5.1 The agreed price for the Goods, including maintenance & services, is: € **[insert amount]** (excl. VAT). The pricing relates(s) to all the Goods to be delivered under this Agreement and any accompanying materials and documentation, such as instructions for use and similar.

5.2 The Supplier shall be responsible for all costs associated with the delivery of the goods, including but not limited to transportation, insurance, import duties, value-added tax (VAT), and customs clearance, up to the agreed place of delivery. Delivery shall be made under the Incoterm DDP (Delivered Duty Paid). In the event that TNO is required to advance any import or customs-related charges, the Supplier shall reimburse such costs in full within fourteen (14) calendar days upon receipt of valid proof of payment. TNO may apply an administration fee of up to eight percent (8%) of the reimbursed amount to cover processing and handling expenses.

5.3 In case of price adjustments for maintenance and services, the following conditions apply:

- The agreed prices in this contract will be adjusted yearly based on the development of the CAO-wage indexes published by the Dutch Central Bureau of Statistics (CBS), series : "*Cao-lonen per uur inclusief bijzondere beloningen, zakelijke dienstverlening, 2020 = 100*".

[Cao-lonen, contractuele loonkosten en arbeidsduur; indexcijfers \(2020=100\) | CBS](#)

- The price adjustment takes place on the date of the signed contract of each contract year, based on the difference between the price index of this month of current year and the price index of the same month of previous year. The formula for the price adjustment is:

New price = Current price * (index of current year / index of previous year)

- In case the CBS indexes are changing or terminating, a comparable index will be used in mutual agreement between parties.

In case of any issues with adjustment of prices or use of price indexes, current prices remain unchanged.

6 Payment

6.1 No payment by TNO shall be made without receipt of a valid invoice accompanied by all relevant supporting documents. After completion of a milestone, the Supplier may, if agreed, issue an invoice for the relevant milestone payment. Payment shall be made in Euros (EUR).
