Maximum

participants: 1

Justification
for the
duration of
the
framework
agreement: Pursuant to Article 2.140(3) of the Public Procurement Act 2012, a framework agreement may exceed the standard duration of four years if this is duly justified and substantiated. In this case, a five-year duration is warranted due to the specific nature and complexity of the services, in combination with the overall duration of the underlying programme. The assignment requires continuity of expertise and a seamless transition between the inception and execution phases, which form a single, integrated whole. A longer duration ensures implementation efficiency, cost-effectiveness, and avoids the administrative burden of repeated tendering procedures.

Justification
for the

duration of

the

framework

agreement:

Pursuant to Article 2.140(3) of the Public Procurement Act 2012, a framework agreement may exceed the standard duration of four years if this is duly justified and substantiated. In this case, a five-year duration is warranted due to the specific nature and complexity of the services, in combination with the overall duration of the underlying programme. The assignment requires continuity of expertise and a seamless transition between the inception and execution phases, which form a single, integrated whole. A longer duration ensures implementation efficiency, cost-effectiveness, and avoids the administrative burden of repeated tendering procedures.
