5.1.6 General information

The procurement is covered by the Government Procurement Agreement (GPA):	yes

5.1.16 Further information, mediation and review

Review organisation:	Rechtbank Gelderland

6. Results

Direct award:

Justification for direct award:	The contract can be provided only by a particular economic operator because of an absence of competition for technical reasons
Other justification:	As a result of a direct negotiation, Radboud University intends to place an order with mtex antenna technology for the procurement and installation of a radiotelescope with antenna diameter of 14 meter in Namibia at Göllschau near the H.E.S.S. site. This procurement aligns best with the AMT project's schedule, budget, and performance requirements: antenna handover by January-2028, contract value order €6.6 million (including installation in Namibia), and performance specifications suitable for both EHT and single-dish science objectives. If you (nevertheless) believe that you are able and wiling to carry out this assignment and, given the aforementioned condition and assignment description, could also submit a competitive offer for this purpose, you can object by initiating summary proceedings within no later than 20 calendar days of announcement. This 20-day objection period is an expiry period. If summary proceedings are not instituted in time, the contracting authority wil be free to proceed with the assignment and you wil no longer be able to oppose this, as wel as al possible (claim) rights to compensation as wel as al other claims that would frustrate the (execution of) the present assignment wil lapse.

6.1 Result lot Identifier: LOT-0000

6.1.2 Information about winners

Winner:
