A detailed map of the Neder-Betuwe region showing tree management. The map features a dashed orange line representing the municipal boundary. Green dots of varying sizes and colors (light green, medium green, dark green) are scattered across the map, indicating different tree heights and management status. The map also shows a network of roads, water bodies, and urban areas. A scale bar at the bottom right indicates distances from 0 to 2 km. A north arrow is located in the top right corner.
