

Nr	Subject	Question	Answer
1		Only Annex A01, A02, A03, A04, and A05 need to be uploaded by Friday at 12:00 pm (noon) — is that correct? (see screenshot of procurement guide attached)	These annexes are indeed part of your Tender that must be uploaded. PLUS supporting documents (your format) with which you support your compliancy to the requirements (See Annex A05, Requirements with "R-TD" mentioned in column D"). This is also explained in section 8 of the Procurement Guide.
2		I could not find a notice number in the OJS. Is the first page of the ESPD filled out correctly?	The ESPD is filled out correctly. The OJS number is only availbe after Tenders Electronic Daily (TED) approves the Tender as published on Tenderned. However, the OJS number is of no further relevance: TNO has a clear reference number for each Tender provided ("WS-XXX").
