2. Procedure

2.1 Procedure

Title: Warmtenet Muiderberg District Heating Plant

Description: This tender concerns a comprehensive turnkey contract covering the design, supply, installation, testing, and commissioning of the complete district heating production plant for Muiderberg. The scope includes all technical systems, building works, integration tasks, and supporting infrastructure required to deliver a fully functional heating facility meeting the specified performance, availability, and sustainability criteria. The facility must be dimensioned to supply an estimated annual heat demand of 16-17 GWh, including distribution losses, and must be fully compatible with the broader district heating system and its associated procurement lots. The establishment of the district heating system is divided into the following contracts: Lot A: Heating Central Lot B: WKO/TEO Lot C: TTES Each contract includes defined responsibilities for design, delivery, installation, and commissioning of its respective systems, while also requiring active coordination with the other contracts to See Overall Project Description

Procedure identifier: cb58648b-41dd-48c0-b83d-94f3d5385777

Internal identifier: 0001

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

Main features of the procedure: The first stage (selection phase I) involves prequalification assessment where up to 3 applicants demonstrating suitable technical capacity, financial standing, and relevant experience will be selected to participate in the detailed tender phase II including a first offer, negotiation and Best and Final Offer. Contract(s) will be awarded based on the most economically advantageous tender, evaluated through a multi-criteria assessment weighting both price and quality factors. With this approach wide access is facilitated of the European market and a high level of evaluation of the offers is secured.
