[Cao-lonen, contractuele loonkosten en arbeidsduur; indexcijfers \(2020=100\) | CBS](#)

The price adjustment takes place on the date of the signed contract of each contract year, based on the difference between the price index of this month of current year and the price index of the same month of previous year.

In case the CBS indexes are changing or terminating, a comparable index will be used in mutual agreement between parties.

In case of any issues with adjustment of prices or use of price indexes, current prices remain unchanged.
