

Annex 1: Reference contracts

Project:	Seabed Morphological and Scour Assessment Study for Doordewind WFZ
Company:	

RVO has set the following key competences that correspond to experience in essential aspects of the study:

1. Supplier should have experience with similar seabed morphology and scour assessments performed for offshore infrastructure developments.
2. Supplier should have experience with assessment of the offshore seabed morphology in the North Sea and/or similar coastal shelf sea environments.
3. Supplier should be able to provide an expert in morphodynamics with at least 5 years of demonstrable experience with seabed morphology and scour to supervise the delivery of the project.

Candidate shall demonstrate compliance with the key competencies by providing at least one reference assignment for each key competence.

Key competence For each competence fill in: ☐ Key competence number (1, 2 or combination) ☐ Description of reference assignment (activities performed, results delivered) ☐ Value of assignment in EUR ☐ Commencement and end date of contract ☐ Contact data of referee: company name, contact person, telephone/email

Candidate declares that he has carried out at least one reference assignment for each of the competences listed above that meets the following minimum requirements:

- The subject of the reference assignment must be comparable to the competence in question.
- The reference assignment must have been executed or completed within the three (3) years prior to the closing date for the expression of interest. If the candidate uses an assignment that is not yet fully complete, then only the completed results of the ongoing assignment can be submitted for reference purposes: projected results cannot be taken into consideration.

In case separate reference assignments are used to fulfil all two (2) key competences, the value of each reference assignment should be at least: **EUR 80.000,- excluding Dutch VAT and including (if applicable) local VAT and all other costs.**

The combined total value of the reference assignment(s) must be at least: **EUR 135.000,- excluding Dutch VAT and including (if applicable) local VAT and all other costs.**

This reference-assignment value must exclusively consist of the value of the aspects of the assignment that are equivalent to the services specified in this document. In case a series of separate yet significantly comparable assignments was carried out for the same client during the reference period, then the turnover of these separate assignments can be combined into a cumulative total.
